

TERRA

Embrace the extraordinary

Look for the exceptional. Everywhere. In a sculpted body as bold as it is refined, with exceptional modern lines and design. The upscale exterior is matched in its premium feel by an interior that is a cut above. Move forward with a new kind of freedom. Outsmart city streets. Lean on capability to explore what's beyond. And tap into tech that seamlessly connects you to your world. Introducing the new 2021 Nissan Terra.

MOBILITY

PERFORMANCE AND OFF ROAD TECHNOLOGY

Find your own playground

With Terra, the family outing takes on a whole new meaning. Rugged engineering, plus advanced tech lets you do things on a different scale. A durable suspension and rigid fully boxed frame resist bending and twisting to keep you moving over tough terrain. While smart features like Brake Limited Slip Differential help you power right over the dunes. Time to gather up the crew and get out of the house, way out.

TURBOCHARGE EVERY PART OF THE DAY

2.5-L COMMON RAIL
TURBO DIESEL ENGINE

POWER

188 HP

TORQUE

450 NM

@ 3,600 RPM

Shift on-the-fly 4x4

Choose between 2WD and 4H to go from maximum fuel efficiency on the highway to serious adverse weather capability on command. When the conditions turn really nasty, you stay confident and in control. Just twist the dial to 4LO and count on this capable system getting you to your destination, in rocky, muddy, or sandy conditions.

Hill Descent Control

Helps make going down steep grades more manageable by automatically adjusting your speed and brake pressure to help keep you going at a controlled speed.

Hill Start Assist

When you're on a steep incline, hill start assist helps stop you from rolling backwards.

Off-road Meter

**Electronic Locking
Rear Differential**

**Brake Limited
Slip Differential**

PARKING AND BACK-UP TECHNOLOGIES

See your way through kerbs, tight spots, and sharp corners

From squeezing through narrow city streets to nabbing the perfect parking spot, these advanced technologies help you feel secure and confident every time.

 NISSAN
INTELLIGENT
MOBILITY

Intelligent Around View Monitor

Parking - Finally, parking is easy. Using four cameras gives you a virtual composite 360° bird's-eye view of your vehicle, with split-screen close-ups of the front, rear, and kerbside views.

Moving Object Detection, the system can detect movement around the vehicle, so no surprises will get in your way.

Off-road - In 4LO mode, the Intelligent Around View Monitor becomes your personal spotter. At slow speeds, it gives you a clear view of the surrounding terrain, so you can avoid large obstacles and see exactly where to place your front wheels for a clear path ahead.

Intelligent Rear View Mirror

Go from mirror to monitor at the flip of a switch. When on, a rear hatch camera expands your rear field of vision, brightens low light conditions, and helps you see around obstructions for a completely unimpeded view.

SMARTPHONE INTEGRATION

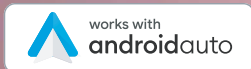

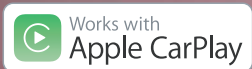

Connectivity for everyone.

Even when you're out creating adventures with the whole family, it's nice to stay connected all the time. With an impressively large Nissan 9" Advanced Touchscreen Display Audio, your information, music, and contacts will always be right in front of you. You can access it through the controls mounted on the steering wheel.

BOSE® Premium Audio System

The Terra has 8 speakers strategically placed inside the vehicle.

*Available in VL variants.

*Device compatibility may vary.

Photo may vary from actual unit.

Enjoy First-Class Treatment No Matter Where You Sit

Get used to the finer things, with an interior curated for you. And everyone. Think plush leather-appointed seats, featuring individual climate controls for each row. Road trip? You're in for a new experience. Zero Gravity front and second-row seats help ensure you arrive less fatigued, while the elevated second and third rows give sightseers a great view along the way.

Theater-style
Seating

Noise-reducing
Acoustic Glass

Zero Gravity
Front Seats

Second-row Seats with Tip-up Easy Entry

Make an easy exit or entrance. The second row tips forward with a pull of a lever or the switch located by the driver, and passengers will enjoy a wide step, making it easier than ever to load up or head out.

Configured for fun

Terra's 60/40 split-folding second row and a 50/50 split third row give plenty of cargo-carrying options. Need more room? Just fold both rows flat. When you want to keep things away from prying eyes, simply tuck them into the hidden under-floor storage. And get easy access to power with the rear cargo area 12-volt port.

Never hear “Are we there yet?” again

The ever-resourceful Terra has a few tricks up its sleeve. Like movie time on the remarkably large flip-down 11" monitor. Or video games, thanks to the HDMI connection port. The kids stay happy with Tri-Zone Automatic Temperature Control that brings air conditioning and personal vents to every row. With this many crowd-pleasing features, the only question you might hear is “Do we have to get out?”

Available Flip-down Entertainment System

Turn long road trips into a premium movie theater experience with an available 11" monitor.

Ceiling-mounted Second-row Climate Control

Dial in the comfort with second-and third-row climate controls within easy reach.

SPECIFICATIONS

FEATURES AND VARIANTS		NISSAN TERRA 7AT 2WD HIGH	NISSAN TERRA 7AT 4WD PREMIUM
ENGINE/TRANSMISSIONS			
Code		YD25 DDTi
